	NOTES	This kit includes the ZZ502/502 Base engine kit and a Holley 870-cfm four-barrel carburetor, starter, distributor, plug wires, and water pump. Together, they add up to a GMPP tested and validated 502 horsepower and a stunning 567 lb.-ft. of torque.						
CHEVROLET PERFORMANCE ENGINES - CIRCLE TRACK								
19258602	Eng	CT350		N			451	\$ -
	NOTES	The CT350 delivers 350 horsepower from a classic 350-cubic-inch combination. The CT350 is based on the popular 350 HO high-performance street crate engine, including a stout four-bolt main block and Vortec-style iron cylinder heads. The Vortec heads and unique dual-pattern camshaft help deliver more than 300 lb-ft of torque at 2,000 rpm and hold it above that mark through 5,500 rpm. It peaks at 390 lb-ft at 3,800 rpm. We complete the CT350 with an 8-quart circle track racing oil pan, balancer, HEI distributor and an aluminum high-rise, dual-intake manifold.			\$ 3,443.56	\$ -
